I talked to him and he agreed to allow us to start mobilizing on Monday and his person will show up on Tuesday with the permit. He wasn't easy at the beginning but had a good talk with him by the end. Is good to have them in a friendly note.

Let me call the PRIDCO guy and see how he wants to do things, maybe he is more relax. Also, found out that Monday is a holiday. Will keep you updated. Maybe they are in the offensive mood because we are conducting various investigations at their locations. Happy San Valentine!

thanks...

I am having a hard time with PRIDCO and the 'official' handing over protocol. you may have to sign the form again... if you feel uncomfortable with signing the form... write 'on behalf of EPA'

Denise,

I just heard someone say that Monday is a holiday, if that is the case PRIDCO will not be working. Let me found out with the suppliers and talk later to see how we are going to deal with this situation.

Frances
